Summary

14 years of professional experience as communications project manager, graphic designer and web developer working with small and large teams in startups and organizations. Enjoy all aspects of web development from content strategy and information architecture to user experience, usability, accessibility and hands-on coding and design. Capable of both developing the strategic overview of a project and also focussing on the practical details. Interested in freelance work or a position in a good design team.

Experience

Communications Specialist, Web Developer & Graphic Designer

Food and Agriculture Organization of the United Nations, Rome, Italy

June 2009–Present (4 years)

Promoted the International Plant Protection Convention (IPPC) brand and generated public support for its objectives. Provided design support and technical advice on the creation and evolution of websites. Identified and advised on new tools and approaches to benefit IPPC's corporate communication and advocacy goals.

- Wrote website HTML, CSS, JavaScript template code for www.ippc.int
Original templates and other work can be found at: hypertextthero.com/ippc/work
- Designed, coded and deployed multi-user CMS which supports automatic user registration and document uploads using the Django web framework.
- Wrote basic Django CMS which also writes static HTML pages for the ephyto.ippc.int website.
- Designed and oversaw production of print materials including brochures, logotypes, letterheads and posters such as IPPC's 2011 poster:

Freelance Web & Graphic Designer

Hypertextthero, Worldwide

2005–Present (8 years)

Worked on a variety of web and print projects for clients around the world, from companies in London and internet start-ups in Silicon Valley to software teams involved with FAO and international schools in Rome.

- Designed, coded and deployed hotinrome.com (a naïve Hacker News clone) for Rome news and events using Django web framework
- Designed business cards (eg. [pianist](#), [locksmith](#))
- Designed, coded and deployed plantbiosecurity.edu.au website and forum with Wordpress for the Australian Plant Biosecurity Program
- Created logotypes for IT Works: hypertextthero.com/work/it-works-logotype
Amimar Marble: hypertextthero.com/work/amimar-marble
FAO Biotech: hypertextthero.com/work/food-and-agriculture-organization-biotech
- Designed and oversaw production of brochure for Mylius Yachts: hypertextthero.com/work/mylius-brochure and calendars, adverts and magazines for the American Overseas School of Rome: hypertextthero.com/work/aosr
- Wrote HTML, CSS and implemented CMS' for web startups in Palo Alto, marketing agencies in London and companies and non-profits such as confronti.net in Italy.

Designer

Acotel Group S.p.A, Rome, Italy

2003–2004 (1 year)

Responsible for client-side accessible website design, mobile interface design, marketing and advertising multimedia campaigns and identity design of Acotel Group S.p.A and related companies.

- Designed, coded and deployed one of the first web standards-compliant corporate websites in Europe at the time - acotel.com
- Designed graphics, icons and posters for mobile, web and print media

Freelance Designer

European Artisans, Various, Rome, Italy

1999–2003 (4 years)
